

SHALIMAR STUDIOS'

5 TIPS TO PREPARE FOR AN

Uber Fab Session

PURPOSE

What is the reason you need or want portraits? Knowing how the images will be used or displayed, helps us plan for a successful shoot.

- Do you need to update your Business Branding imagery?
- Are you celebrating an important life milestone or event?

WARDROBE

For aesthetically pleasing images, stick with clothing that compliments, not distracts.

- Wear solid colors. Patterns, stripes and logos are very distracting.
- For more than 1 person, choose colors that are in the same color family.

ON LOCATION OR IN STUDIO

Choosing where the portraits will be taken, helps to determine the overall mood and feel of your portraits.

- For a clean, minimal aesthetic, choose In Studio.
- For more storytelling through the environment around you, choose On Location.

MOOD AND TONE

What type of mood do you want in your portraits?

- Are you looking for bright and airy, dark and moody, bold and contemporary?
- Would you like more candid and casual images or more formal and posed?

DISPLAY OPTIONS

Where will people see these images?

- Are these going to be seen online only?
- Will you be ordering large wall prints and Canvas Gallery Wraps for your office or home?
- Will these be printed in a magazine, book or keepsake album?
